

To Whom It May Concern:

I was blown away by the power that this event had on our team. They are unrecognizable to me now. They are creating and planning as a team of individuals united under a common vision, which they created themselves. It really is a joy to watch what is happening right before my eyes.

As the owner of the business, it is so exciting to get up and go to work knowing what is taking place and how much better that I know we are serving our customers now. The success of my company is now brighter than ever.

Thanks, Behnam and Primeco Education.
